

University of Palermo, Department of Marine and Earth Sciences (DiSTeM), Italy

October 1-9, 2017

INTERNATIONAL GEOSCIENCE PROGRAMME

PROCEEDINGS

IGCP 610 “From the Caspian to Mediterranean:
Environmental Change and Human Response during the
Quaternary” (2013 - 2017)

INQUA IFG POCAS “Ponto-Caspian Stratigraphy and
Geochronology” (2017-2020)

Joint Plenary Conference and Field Trip of IGCP 610 and INQUA IFG POCAS October 1-9, 2017, Palermo, Italy

PROCEEDINGS

Organizers:

University of Palermo
Department of Marine and Earth
Sciences (DiSTeM)

Sponsors:

UNESCO
IUGS
IGCP
Avalon Institute of Applied Science,
Winnipeg, Canada
University of Palermo
Paleontological Society

Editorial Board

Editor-in-Chief Allan GILBERT, Fordham University, U.S.A.

Associated Editor Valentina YANKO-HOMBACH, Odessa I.I. Mechnikov
National University, Ukraine; Avalon Institute of Applied Science, Canada

UNIVERSITÀ
DEGLI STUDI
DI PALERMO

PROCEEDINGS

**IGCP 610 Fifth Plenary Conference and
Field Trip**

**“From the Caspian to Mediterranean:
Environmental Change and Human
Response during the Quaternary”
(2013 - 2017)**

<http://www.avalon-institute.org/IGCP610>

**INQUA IFG POCAS “Ponto-Caspian
Stratigraphy and Geochronology”
(2017-2020)**

**PALERMO
UNIVERSITY
PRESS**

ISBN 978-88-940049-1-5

PART I_IGCP 610 progress report (2013-2016)	1
<i>Yanko-Hombach, V.</i>	
PART II. PROCEEDINGS	23
Bionomy of the south Caspian basin in the Pliocene-Pleistocene	23
<i>Ali-Zadeh, A., and Aliyeva, E.</i>	
Magnetometric and electrometric investigations in the Salsovia submerged archaeological site	28
<i>Anghel, S., and Paraschivoiu, M.</i>	
Information on the circumstances of paleogeographic formation of the Productive series basin of Eastern Azerbaijan and on the first Pliocene sea level fluctuation.....	32
<i>Amrahov, R.R., Amrahova, Kh.R., and Amrahova, S.A.</i>	
The role of coastal geomorphology in interpreting the history of the Northern Caspian plain in the Late Pleistocene.....	34
<i>Badyukova, E.N.</i>	
Methods and equipment for conducting field research into surface layer characteristics by sounding in the short-wave range of radio waves in order to study environmental change	39
<i>Belov, S.Yu., and Belova, I.N.</i>	
The first experience of dendroclimatological research in the eastern part of the Kazakh Upland (Saryarqa)	45
<i>Berdnikova, A.A., and Dolgova, E.A.</i>	
The main stages of vegetation and climate evolution in the Kuban River Delta Region during the last 7.4 and their correlation with sea-level fluctuations of the Black Sea	49
<i>Bolikhovskaya, N.S., and Porotov, A.V.</i>	
Planktonic foraminiferal as proxies of the Holocene climatic variability (Tyrrhenian, Mediterranean Sea)	53
<i>Bonfardeci, A., Caruso, A., Cosentino, C., and Scopelliti, G.</i>	
Anthropological characteristics of the adaptation of the Fayoum oasis population (Egypt) in the Greco-Roman period	56
<i>Borutskaya, S.B., Vasilyev, S.V., and Kharlamova, N.V.</i>	
Late glacial to Holocene Black Sea evolution based on microfaunal and stable oxygen isotope records	58

<i>Briceag, A., Yanchilina, A., Ryan, W.B.F., Stoica, M., and Melinte-Dobrinescu, M.C.</i> Unique marine terrace system of the Crimean and black sea basins: stratigraphy, archaeology, and the oldest oldowan migrations to Europe	61
<i>Chepalyga, A.L.</i> The role of the Black Sea shelf techno-geological system in the integrated management of rational resource use	66
<i>Chepizhko, O.V., Kadurin, V.M., and Kadurin, S.V.</i> Influence of specific natural characteristics of the Dnieper Rapids region on the development of ancient populations <i>Demchenko, O.V.</i>	
Monitoring of climate oscillations in the Mediterranean sea over the last two millennia using planktonic foraminifera	77
<i>Dentici, M.P., Lirer, F., Bonomo, S., Bellucci, L., Cascella, A., Caruso, A., Lubritto, C., and Pappone G.</i>	
Global geological processes in the Caspian-Mediterranean region during the Miocene- Pleistocene	82
<i>Esin, N.V., Esin, N.I., and Yanko-Hombach, V.</i>	
Studies on the dynamics of the Black Sea coast and vertical movements of the shelf in the Late Pleistocene-Holocene	86
<i>Esin, N.I., Ocherednik, V., and Esin, N.V.</i>	
Integrating high resolution Mid-Pleistocene sea surface temperature and productivity estimates from alkenone proxies with marine and terrestrial climate signals	88
<i>Herbert, T.D., Bassinot, F., Bertini, A., Combourieu Nebut, N., Girone, A., Maiorano, P., Marino, M., Nomade, S., and Toti, F.</i>	
Tectonics, fluid dynamics and Caspian Sea level change: Geological and environmental aspects	90
<i>Huseynov, D. A., Aliyeva, E.H-M., and Kengerli, T.N.</i>	
Narrow shelf canyons vs. wide shelf canyons in the Black Sea	92
<i>Jipa, D.C., and Panin, N.</i>	
First discoveries of oligocene diatomic flora in the section of Pirakashkul (Shamakhi- Gobustan zone)	94
<i>Kerimova, N.T.</i>	
Paleoenvironmental reconstructions at the Pleistocene- Holocene boundary in the Black Sea based upon benthic foraminifera	98
<i>Kondariuk, T.</i>	
Neotectonics in the Marmara Region, NW Turkey	103
<i>Koral, H., and Emre, H.</i>	
Wave climate variation in the Black Sea	106
<i>Kosyan, R.D., and Divinskii, B.V.</i>	
Geoacoustic and gas geochemical signs of hydrate presence on the continental slope north- east of the Black Sea	106
<i>Kruglyakova, R., and Shevtsova, N.</i>	
New results on chronology of Late Pleistocene paleogeographical events of Northern Caspian Sea (OSL dating)	113

<i>Kurbanov, R.N., Murray, A.S., and Yanina, T.A.</i>	
OSL chronology of the Late Quaternary loess-soil series in the Eastern Azov Sea region ...	115
<i>Kurbanov, R.N., Zhou, L., and Sychev, N.V.</i>	
Chemical composition of Lower Khvalynian deposits in the Middle and Lower Volga region	118
<i>Makshaev, R.R.</i>	
Paleoclimatic reconstruction from marine records of the central and western Mediterranean areas over last five millennia using planktonic foraminifera	121
<i>Margaritelli, G., and Lirer, F.</i>	
The climate record of Marine Isotope Stage 19 from marine and terrestrial signals in the Alboran and Ionian basins	124
<i>Marino, M., Bassinot, F., Bertini, A., Combourieu Nebut, N., Girone, A., Herbert, T., Maiorano, P., Nomade, S., and Toti, F.</i>	
Small mammal faunas from the Mikulino (=Eemian) marine and liman deposits of the Black Sea	126
<i>Markova, A.K.</i>	
Microforaminiferal linings as a proxy for paleodelta and paleosalinity analysis: Danube Delta example	130
<i>Mudie, P.J., and Yanko-Hombach, V.</i>	
New data on the distribution of palynomorphs in surface sediments of the Ukrainian part of the Northwestern Black Sea shelf	135
<i>Mudryk, I.</i>	
Reconstructing vegetation changes and climate from pollen of the Late Pliocene to Early Pleistocene in the North Caucasus	138
<i>Naidina, O.D.</i>	
Marine geohazards in the Black Sea and their monitoring	141
<i>Oaie, G., Seghedi, A., and Rădulescu, V.</i>	
Evaluation of geologic hazards for the Trans-Caucasus Caspian oil and gas pipelines in the Abul-Samsari volcanic ridge section.....	144
<i>Okrostsvaridze, A., Bluashvili, D., Kilasonia, E., and Gogoladze, S.</i>	
Late Miocene volcanic ash layers of the intermountain depression of the Eastern Caucasus: the products of the megacaldera explosion?	148
<i>Okrostsvaridze, A., Gagnidze, N., Bobrova, I., and Skhirtladze, I.</i>	
Hydrogeochemical evolution of limans of the NorthWestern Black Sea region in connection with the problem of their use as salt sources.....	152
<i>Pedan, G., and Dragomyretska, O.</i>	
Vortices of the Cretan straits of the eastern Mediterranean and the Black Sea shelf.....	156
<i>Popov, Yu.I., and Matygin, A.S.</i>	
Sedimentary structure and late Holocene evolution of the coastal embayment on the southeastern coastline of the Crimean Peninsula (Black Sea).....	159
<i>Porotov, A., and Yanina, T.</i>	
Regional distribution and clay mineralogy of the modern sediments in the north-western zone of the Black Sea.....	162
<i>Rădan, S.</i>	

Unknown morphotypes as permanent representatives in the anoxic and sulfidic bottom sediments of the Black sea	165
<i>Sergeeva, N.G.</i>	
Petrographic description of Chokrak-Spirialis Miocene Deposits of Eastern Azerbaijan	170
<i>Shiraliyeva, S.F.</i>	
Mud volcanism of the Black Sea region	175
<i>Shnyukov, E.F., and Yanko-Hombach, V.</i>	
Holocene environments of the Volga River Delta: inferred from diatom assemblages in sediments of the RYcha River Channel	179
<i>Shtyrkova, E.I., and Polyakova, E.I.</i>	
Adjustment theory in the study of human responses to global climate change in the Northwestern Black Sea region at the Pleistocene-Holocene boundary	185
<i>Smyntyna, O.V.</i>	
Correlation of the Late Quaternary sediments of the Eastern Mediterranean and Ponto-Caspian basins	188
<i>Sorokin, V., and Yanina, T.</i>	
Paleogeographic stages in the development of the Iranian coast of the Caspian Sea during the Holocene.....	194
<i>Svitoch, A., Badyukova, E., Makshaev, R., Sheikhi, B., and Yanina, T.</i>	
On the other side of the Caspian Sea.....	198
<i>Taumanova, G.E.</i>	
Age of the Paleolithic site Sukhaya Mechetka (Lower Volga Region)	201
<i>Tkach, N.T., and Sychev, N.V.</i>	
Stone age people in Crimea: an anthropological study	204
<i>Vasilyev, S. V., and Borutskaya, S. B.</i>	
Possible social-climatic consequences of circulation changes in Hadley's cell	213
<i>Yakovleva, N., and Matygin, A.</i>	
The Northern Caspian Sea: Environmental consequences of the climate change during the Khvalynian epoch (evidence from the boreholes).....	216
<i>Yanina, T., Sorokin, V., Bezrodnykh, Yu., and Romanyuk, B.</i>	
Biodiversity of the Volga River delta mollusks in the Holocene.....	221
<i>Yanina, T., and Svitoch, A.</i>	
Meiobenthos as an indicator of gaseous hydrocarbon reservoirs under floor of the Black Sea	224
<i>Yanko-Hombach, V., Kadurin, S.V., Kravchuk, A.O., Kulakova, I.I.</i>	
Paleogeography of the Atelian period in the Lower Volga Region	230
<i>Yarovaya, S.K., Kurbanov, R.N., Stevens, T., and Költringer, C.</i>	
Apsheron Deposits (Late Early Pleistocene) of the Lower Volga (Astrakhan Arch)	233
<i>Zastrozhnov, A., Danukalova, G., and Ushakova, D.</i>	
INDEX	238

ORGANIZING AND EXECUTIVE COMMITTEE

President	Enrico DI STEFANO, Italy enrico.distefano@unipa.it
Executive Director	Valentina YANKO-HOMBACH, Ukraine, Canada valyan@onu.edu.ua valyan@avalon-institute.org
Chairman of the Organizing Committee	Antonio CARUSO, Italy antonio.caruso@unipa.it
Executive Secretary	Claudia COSENTINO, Italy claudia.cosentino@unipa.it
Technical Director	Fabrizio LIRER, Italy
Administrator	Irena MOTNENKO, Canada irmot@avalon-institute.org
Members	Claudia COSENTINO, Italy Antonella MACCOTTA, Italy Alessandro BONFARDECI, Italy Alessandro INCARBONA, Italy
Field Trips	Antonio CARUSO, Italy Luca CAPRARO, Italy Alessandra NEGRI, Italy

SCIENTIFIC COMMITTEE

Valentina YANKO-HOMBACH, Canada, Ukraine	Antonio CARUSO, Italy
Agata DI STEFANO, Italy	Annachiara BARTOLINI, France
Fabrizio LIRER, Italy	Enrico DI STEFANO, Italy
Francisco SIERRO, Spain	Alexander KISLOV, Russia
Allan GILBERT, U.S.A.	Nicolae PANIN, Romania
Alessandra NEGRI, Italy	Olena SMYNTYNA, Ukraine
Maria MARINO, Italy	Mehmet Celal ÖZDOĞAN, Turkey
Timothy HERBERT, U.S.A.	Richard NORRIS, U.S.A.
Hayrettin KORAL, Turkey	Tamara YANINA, Russia
